Materials

To create your own Christmas regular tissue box cover, you will need the following materials:

- 14-count plastic canvas
- Yarn in your desired Christmas colors (such as red, green, white, gold, and blue)
- Yarn needle
- Scissors

Decorative embellishments (optional, such as beads, sequins, or ribbon)

Instructions

1. **Create the Base:** Cut a piece of plastic canvas to 7 inches by 5 inches. Start by stitching around the edges using a single crochet stitch.
2. **Decorate the Sides:** Using the yarn in your chosen colors, create a border around the top and bottom edges of the base. You can use any stitch pattern you like, such as a simple single crochet stitch or a more intricate lace pattern.
3. **Make the Front and Back Panels:** Cut two pieces of plastic canvas to 5 inches by 3 inches. Stitch around the edges of both panels using a single crochet stitch.
4. **Embellish the Panels:** This is where you can let your creativity shine. Use the yarn in different colors and stitches to create a festive design on the front and back panels. You can create Christmas trees, stars, snowflakes, or any other holiday-themed motifs.
5. **Attach the Panels:** Place the front and back panels on either side of the base, aligning the edges. Stitch the panels to the base using a single crochet stitch.
6. **Add the Finishing Touches:** To complete the tissue box cover, add any decorative embellishments you like. You can add beads, sequins, ribbon, or even a small bell to the top of the cover.
