## What is Tapestry Crochet?

Tapestry crochet is a technique that uses different colors and stitches to create a picture or design. It is similar to needlepoint, but instead of using a needle and thread, you use a crochet hook and yarn. Tapestry crochet can be used to create a wide variety of items, including wall hangings, pillows, blankets, and even clothing.

## Modern Tapestry Crochet Techniques

Modern tapestry crochet techniques have taken this traditional craft form to new heights. Here are a few of the most popular techniques:

- **Intarsia:** With intarsia, you work with multiple colors of yarn at the same time, changing colors as you go to create a design. This technique allows you to create very detailed and intricate images.
- **Bobbin lace:** Bobbin lace is a type of lace that is made with a series of loops and knots. It can be used to create delicate and airy effects, and is often used in combination with tapestry crochet.
- **Double crochet stitch:** The double crochet stitch is taller than the single crochet stitch, which gives it a more textured look. It can be used to create a variety of effects, including cables and ruffles.
- **Tunisian crochet stitch:** The Tunisian crochet stitch is a unique stitch that creates a fabric that is both stretchy and textured. It can be used to create a variety of items, including scarves, shawls, and blankets.
